

Parents/Carers Support Programme

The Cygnet Parenting Support Programme is an evidence-based programme designed for parents and carers of children and young people aged 5-18 with an autistic spectrum condition.

The programme is designed to increase parents' understanding of autistic spectrum conditions.

Help parents develop their knowledge on how a child on the autistic spectrum experiences the world and what drives their behaviour.

Guide parents through practical strategies they can use with children

Direct parents to relevant ASC resources.

Give parents the opportunity to meet with other parents who have had similar experiences and to gain support and learn from each other.
