## **Policy Statement**

### **Procedures & Practices**

#### **Induction for new staff members**

The main purposes of the induction process for new staff members are:

- To make them aware of any specific needs of any child who will be in their care.
- To clarify Sunbeam's Statement of Purpose and Function.
- To familiarise them with the service's Child Safeguarding Statement and Child Protection Policy.
- To familiarise them with the service's essential policies, procedures, routines and approach to quality and to the service's organisational structure.
- To explain the curriculum/programme approach used in the service and how play and learning experiences at Sunbeams are planned, implemented and evaluated.
- To clarify their roles and responsibilities (including record management) and those of others in the service.

The induction process is tailored to the needs of each individual new staff member, student or volunteer and the length of an induction period will depend on the experience, qualifications and role of the new staff member.

- Induction will be provided by Sunbeams Management team.
- Induction will take place at Sunbeams prior to being introduced to the children and young people and the date/time of induction will be agreed between the Manager and the new employee.
- A copy of policies and procedures will be handed out at induction and must be read and signed upon reading before directly working with the children and young people.
- If Safeguarding training is outdated training will be booked. Any new staff members that are beginning work with Sunbeams with outdated safeguarding training will be mentored and supported until training is completed. Until training has been completed the new staff member will be closely supervised.

The manager is responsible for assessing each new staff member's learning outcomes from the induction process through observation, feedback and reflection.

The induction programme will be reviewed on a regular basis to ensure it is still meeting the needs of new staff members and the service overall and will be amended if needed.

### **Ongoing training and professional development for staff members**

On an ongoing basis all staff members, including the person in charge/manager, are required to undertake certain training which is considered necessary for the efficient and effective operation of the service.

All staff members are also required to assume responsibility for their own development and training, which includes both participation in planned activities and making use of opportunities to learn when they are presented.

Staff development and training is an obligation for Sunbeams management who are responsible for identifying individual training and development needs and supporting and encouraging the staff team members.

Formal processes – induction, supervision, appraisal and training needs analyses – are used at the individual level and planning for staff development and training is carried out by the management in consultation with staff members at both individual and team levels.

Overall accountability for staff development and training rests with management.

Staff development and training provision will be regularly reviewed and evaluated to ensure that it is of good quality, relevant, effective and provides value for money.

It is the responsibility of management to ensure that trainers are competent (have the knowledge, skills, abilities and relevant qualifications where required) to give the training required and external trainers have the appropriate accreditation/certification to provide the required training.

### **Access to training for staff members**

Training priorities will be decided based on the current and evolving needs of the children, young people and families who use the service, the agreed plans and aims of the service, and ongoing developments in the early years sector related to legislation and quality practice.

Existing qualifications, skills and competencies of the staff members and planned developments at the service will also be considered when prioritising training needs.
